OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

"Own your own home," even if you have to mortgage your automobile to buy one.

The owner of a motor car can't see why persons run such a risk as to drive a horse.

SALVATION ARMY
VALIANT IN WAR

Having Served Gloriously in the
Trenches, Is Coming Back
From Overseas for Peace
Time Activities

ASKS HOME SERVICE FUND

National Campaign to Replenish Resources Depleted by Long and Direct Contact Services With Our Boys Scheduled for June 23-30.

New York (Special).—Like the 2,000,000 American boys whom it served so gloriously in the trenches of France, the Salvation Army is coming back from overseas, ready to put aside its khaki uniform of war service, don again the "civvies" and embark once more on its normal peace time activities.

And, just like those doughboys, the Salvation Army has come out of the war victorious and with citations for bravery, decorations for gallantry under fire and golden chevrons indicative of honorably won wounds on its arm. The victory which the Salvation Army has won is a victory over the obstacles that lay before it in its purpose of efficient service of the fighters of Pershing's army. Its citations are the thanks, cheers and prayers of 2,000,000 doughboys. Its wound stripes are rightfully golden of hue, for they typify the unselfish way in which the Army threw all its resources—financial, spiritual and moral—into the effort to help the American soldiers in France.

Now the Army is asking the people of Kentucky to give it concrete evidence of the gratitude which has been so loudly, and so willingly expressed. From June 23 to 30 the Salvation Army will conduct in Kentucky a campaign to raise funds for its Home Service Fund. The money is needed both to recoup the fortunes of the Army, shattered by its long service of the soldier and to permit it to carry on the work it has always done on the larger scale which the public now demands. Raising the money by this means, the Salvation Army explains, will eliminate, perhaps permanently, the necessity for the ceaseless solicitation of funds which has been a bugbear to the Army and the public alike. It will permit the workers of the Army, who, forced to devote more than half their time to gathering money, were in consequence

only half efficient in their evangelistic and social service work, to devote all their time in future to the duties for which they have been trained.

The amount of the fund has been determined exactly and logically by means of budgets prepared locally by workers of the Salvation Army in all parts of the state.

Already headquarters for the campaign in charge of Colonel I. Sobel, of Erie, Pa., have been established in Lexington. A ready response in encouragement and cheering wishes for success has been heard from all parts of the state. Men and women prominent in all walks of life have volunteered their services as active participants in the drive. The Army's many loyal rosters—the boys who went overseas in khaki—are all lined up ready to help. The Army not only helped them over there, but it found jobs for many of them after they had been mustered out of service, helped them get the civilian clothing that was necessary if they wanted to take those jobs, fed many of them, gave them shelter and furnished them with transportation to their homes.

For the war service of the Salvation Army is still under way. Its workers are still, many of them, in France, and its huts, clubhouses and hotels for the reception of the boys returning from abroad are in full swing here.

Neither the Salvation Army asserts will its war work be abandoned until the last boy is out of the khaki of the army or the blue of the navy. The larger activities which necessitated the coming campaign will exist and be financed independently of the service of the fighters from abroad.

CARDINAL GIBBONS
ENDORSES S. A. DRIVE

Venerable Churchman Expresses Hope That \$13,000,000 Will Be Raised

The following letter was addressed to former Governor Whitman of New York state by Cardinal Gibbons:

"Honorable and Dear Sir—I have been asked by the local Commander of the Salvation Army to address a word to you as National Chairman of the Campaign about to be launched in behalf of the above named organization. This I am happy to do, and for the reason that along with my fellow American citizens I rejoice in the splendid service which the Salvation Army rendered our soldier and sailor boys during the war. Every returning trooper is a willing witness to the efficient and generous work of the Salvation Army both at the front and in the camps at home. I am also the more happy to commend this organization because it is free from sectarian bias. The man in need of help is the object of their effort, with never a question of his creed or color.

"I trust, therefore, your efforts to raise \$13,000,000 for the Salvation Army will meet with a hearty response from our generous public. Faithfully yours,

"J. CARD. GIBBONS."

LIVER DIDN'T ACT
DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 60

Announcement From New York That Campaign Is Over the Top Is Said To Be Premature.

Lexington, Ky., June 19.—Newspaper reports from New York to the effect that the National drive for the Home Service Fund campaign of the Salvation Army had gone over the top are premature, according to a telegram from National headquarters received by Colonel I. Sobel, State Director, today. The figures of the publications referred to include the estimates for Kentucky and Tennessee in

which the campaigns have not yet been conducted, the Kentucky campaign having been set for June 23 to June 30.

Colonel Sobel today gave out this telegram received from Colonel William Peart at the New York Headquarters:

"National quota not raised; newspaper reports referred to are misleading. National total only possible, if every section of the country raises its full share of the budget. We are depending upon Kentucky doing her full share, and will be deeply grateful for your fullest support."

Major Ernest B. Ellis, Lexington capitalist and philanthropist, who during the severe winter of 1917-1918, himself organized a movement for the relief of the suffering poor of Lexington, gave the past week hearty en-

dorsement of the work of the Salvation Army. Major Ellis wrote: "In reply to your inquiry, I wish to give my hearty endorsement to the Home Service Fund Campaign of the Salvation Army. In my opinion, it is doing a great work in this country among the poor, as it did a great work among our soldiers in Europe where bullets flew thick on the fighting fronts, relieving the wants of our men without money and without price. If I can do anything for the Salvation Army in any way, command me. Sincerely yours,

"ERNEST B. ELLIS."

Monticello, Ind., June 18.—L. O. Potts, farmer, committed suicide after shooting his sons, Ernest and Everett Potts, 11 and 9 years old.

A big new discovery
in cigarette blending

The big thing about Chesterfields is their unique blend. The *Chesterfield blend* is an entirely new combination of tobaccos. It is a most important development in cigarette making.

As a result, Chesterfields deliver a new kind of cigarette enjoyment — just like a "bite" before bedtime when you're hungry — they SATISFY!

It took the finest selections of TURKISH and DOMESTIC tobaccos and no end of skill and patient experiment to get this blend right.

Was it worth it? Say — just smoke a Chesterfield fresh from the moisture-proof package. You'll say it was worth it, all right!

Liggett & Myers Tobacco Co.

AN ORDINANCE

AUTHORIZING AND EMPOWERING
THOMAS M. RUSSELL, MAYOR OF
THE CITY OF MAYSVILLE, TO
SUBSCRIBE THE CORPORATE
NAME OF SAID CITY AND TO AF-
FIX THE CORPORATE SEAL OF
SAID CITY OF MAYSVILLE TO A
CONTRACT WITH THE MAYS-
VILLE GAS COMPANY FOR THE
LIGHTING OF STREETS, ALLEYS
AND PUBLIC WAYS WITH ELEC-
TRICITY, AND FOR FURNISHING
ELECTRICITY AND NATURAL
GAS TO PRIVATE CONSUMERS;
AND FOR THE CONSTRUCTION
AND INSTALLATION AND MAIN-
TENANCE OF A WHITE WAY OR
ORNAMENTAL LIGHTING SYS-
TEM ON CERTAIN STREETS IN
SAID CITY.

Section 1.
BE IT ORDAINED BY THE BOARD
OF COUNCIL OF THE CITY OF
MAYSVILLE:
That Thomas M. Russell, Mayor of
the City of Maysville, is hereby au-
thorized and employed to subscribe
the corporate name of said City of
Maysville, by him as Mayor, and to
affix the corporate seal of said City of
Maysville, to the following contract, to-wit:

I.
Contract of the Maysville Gas Com-
pany with the City of Maysville for the
lighting of streets, alleys and public
ways with electricity, and for furnishing
Electricity and Natural Gas to
private consumers; for the construction,
installation and maintenance of a
white way, or ornamental lighting sys-
tem on certain streets in Maysville,
Kentucky.

It is hereby agreed by and between
the City of Maysville, hereinafter
designated as the City, and the Mays-
ville Gas Company, hereinafter desig-
nated as the Company, that in con-
sideration of the payments by the City
as hereinafter set out, said company
will furnish to said City for the period
of one year from the date of the ex-
piration of the present five year City
Lighting Contract, May 29th, 1919, the
following number and sizes of Type C
Series Mazda Street Lighting Lamps,
at the rates named, to-wit:

91—400 c. p. Lamps per year per
lamp \$65.00
40—100 c. p. Lamps per year per
lamp 27.00
61—80 c. p. Lamps per year per
lamp 22.00
38—60 c. p. Lamps per year per
lamp 20.00
It is understood that the above
named lamps comprise the present
public lighting system of the streets,
alleys and public ways of the City of
Maysville, and are to remain such in
number, size, place of location and
style of installation throughout the
period of this contract, except as here-
inafter set out and provided. The City
may, at its option, locate and order
additional street lighting units of the
above sizes at the rates named, the
general type of construction and in-
stallation to conform to the pole
bracket or center of street suspension
type now in use. All poles, lamps, and
apparatus of every character and na-
ture connected with or pertaining to
said Public Lighting System, or any
extensions that may be required, are
to be furnished by the Company with-
out cost to the City, and shall remain
the property of the Company. Said
Company shall pay for, maintain and
extinguish all of said lamps without
extra cost to said City, and said lamps
are to be kept lighted all night every
night in the year, schedule approxi-
mately 4000 hours.

In consideration of said Company
furnishing said lamps and lighting,
the City agrees to pay the prices per
lamp per year as set out above, in
equal monthly installments, the same
as other bills against the City are
paid. Said City shall have the right
to deduct, at the rate per hour of the
prices paid, for outages of any lamp
or lamps during the time they should
be lighted. Credit for said outages,
however, shall be given only when the
time any lamp or lamps are out shall
exceed 1½ hours in continuous dura-
tion.

In further consideration of the pub-
lic lighting contract, the Company

agrees that its rates for electric light
to private consumers for the ensuing
year shall be as follows:

**Electric Lighting Rates to All Con-
sumers**
First 30 hours use of Maximum De-
mand 10c per K. W. hour.
Second 30 hours use of Maximum
Demand 8c per K. W. hour.
Balance of Consumption 5c per K.
W. hour.
Minimum Bill 75c per month.
Maximum Demand shall be defined
as follows:
Residences—70% of the Connected
Load or sum of the wattage of all
lamps connected;
Commercial—90% of the Connected
Load or sum of the wattage of all
lamps connected.
Electrical appliance (other than
lamps) designed for domestic use
will not be considered in determining
the maximum demand.

Quantity Discounts
10% on monthly bills between \$10.00
and \$20.00.
15% on monthly bills between \$20.00
and \$30.00.
20% on monthly bills between \$30.00
and \$40.00.
25% on monthly bills over \$40.00.

Electric Power Rates
Up to 10 H. P. demand, \$1.00 per H.
P. Demand, plus 3½c per K. W. hour.
10 to 30 H. P. demand, \$1.00 per H.
P. Demand, plus 3c per K. W. hour.
Over 30 H. P. demand, \$1.00 per H.
P. Demand 2½c per K. W. hour.
Kind of current to be supplied—110
or 220 Volt, 1 or 3 phase, at the option
of the Company, 60 cycle alternating.
Maximum Demand shall be deter-
mined by actual measurement in all
power installations based upon a 15
minute interval, except in case of
hoists, elevators, welding machines
and other installations, where the use
of electricity is intermittent or sub-
ject to violent fluctuations, which shall
be based on a 3 to 5 minute interval.

Electric current to all private con-
sumers shall be measured by Watt
hour meters. Meters are to be set
and changed without charge upon con-
sumers application and all overhead
service wires to be run free from the
nearest line pole to the point where
service enters the building.

In further consideration of the pub-
lic lighting contract, the Company
agrees that its rates for natural gas
to private consumers for the ensuing
year shall be as follows, to-wit:

Natural Gas
Light, Heat and Power 40c per 1000
cu. ft.
Minimum Bill 50c per month.
Prompt payment Discount 5c per
1000 cu. ft., if paid on or before the
6th of the month.

It is expressly understood and
agreed, however, that all obligations
of the Company to furnish natural gas
to the City of Maysville, and the el-
ements thereof, shall cease and termi-
nate at any time that the Company
may be unable to obtain a supply of
natural gas from the Columbia Gas &
Electric Company.

All gas services are to be run and
meters installed by, or under the di-
rection of the Company. All services
to private consumers from main to
property line are to be run at the
expense of the Company, from prop-
erty line to meter all cost is to be
borne by the consumer or property
owner. Meters are to be set and re-
moved for cause without expense or
charge to the consumer, except where
said change of meter is one of location
for the consumer's convenience, at
which time a charge for cost of ma-
terial and labor will be made.

It is understood and agreed that the
City may provide by ordinance for
such test and inspection of gas and
electric meters as may be necessary to
check up and establish the correct-
ness of measurement of any gas or
electric meter used by the Company.

White Way Lighting System
Upon the signing and execution of
this contract by the parties hereto, the
Maysville Gas Company agrees to or-
der the material, for delivery at the
earliest date obtainable, and upon its
receipt start work on the construction
and installation of a White Way,
or Ornamental Lighting System on
Second and Market Streets. Begin-
ning at the West side of Wall Street
on Second Street, all wood poles be-
longing to the Maysville Gas Company
and Maysville Street Railroad and
Transfer Company, now standing on
the curb lines of Second Street from
the West side of Wall Street to the
West side of Limestone Street, and on
Market Street from the South side of
Front Street to the North side of
Third Street, are to be removed, and
a double line of tubular steel poles

known as Elreco Combination Rail-
way & Lighting Poles, installed. Said
combination metal poles are to be
set directly opposite on each side of
the street, and uniformly spaced, ap-
proximately 90 feet apart throughout
the distance between the points on
Second and Market Streets herein-
before mentioned. Each pole is to be
equipped with a cast iron ornamental
base and lamp bracket designed to
mount and support the General Elec-
tric Company's Form 9 Novalux orna-
mental lighting unit, enclosing a 400
c. p. Type C Series Mazda Lamp.
Fifty-six 400 c. p. lamps are to con-
stitute the White Way Lighting sys-
tem herein provided for.

The system is to be lighted every
night from dusk until 11:30 p. m., and
so wired overhead that any lamp, at
street intersection or in between, as
may be designated by the Light Com-
mittee of City Council, may be con-
nected on the regular all night street
lighting circuits and burn from dusk
to daylight on the regular street light-
ing schedule.

It is further understood and agreed
that immediately upon the completion
of the installation of the White Way
system, and the first lighting thereof,
a new schedule of prices per lamp for
all street lights will go into effect, and
thereafter, until the end of the term
of this contract, all monthly bills will
be rendered to the City in accordance
with same. Said new schedule will be
as follows, to-wit:

400 c. p. Lamps on White Way sys-
tem, shut off at 11:30 p. m., \$50.00 per
lamp per year.
400 c. p. Lamps on White Way and
Regular street lighting system, lighted
all night, \$55.00 per lamp per year.
100 c. p. Lamps, all night system,
\$22.00 per lamp per year.
80 c. p. Lamps, all night system
\$20.00 per lamp per year.
60 c. p. Lamps, all night system,
\$10.00 per lamp per year.

It is understood and agreed that a
plan showing the location and uniform
spacing of the ornamental poles
and lamps forming the White Way
shall be made by the Company, by and
with the assistance and advice of the
District Lighting Specialist of the
General Electric Company and a rep-
resentative of the Electric Railway
Equipment Company; that said plan
shall be submitted to the Lighting or
Internal Improvement Committee of
the City Council for their criticism
and approval. That when said plan
is so approved by said Committee or
Committees, it will be the purpose and
duty of the Committee of Council
designated by Council to have super-
vision of the work, and of the Com-
pany to so carry same out; that no
change will be made not absolutely
necessary and unavoidable that will
in any way mar or obstruct the gen-
eral distribution of light and orna-
mental effect that it is the joint purpose
herewith to obtain. That the plan and
method of carrying out the construc-
tion and installation of the White Way
undertaken by the Company shall be
subject to the general supervision of
the Committee designated by Council.

IN WITNESS WHEREOF, the par-
ties have hereunto subscribed their
names and fixed their corporate seals,
this 17th day of June 1919.

CITY OF MAYSVILLE.
THOMAS M. RUSSELL, Mayor.
MAYSVILLE GAS COMPANY.
HORACE J. COCHRAN, President.

Section 2.
This ordinance shall be in full force
and effect from and after its passage
and publication. All ordinances and
parts of ordinances in conflict herewith
are hereby repealed.

Adopted 17th day of June 1919.
Published 19th day of June 1919.

MEN COMING HOME RAPIDLY FROM NOW ON

War Department Announces That An
Average of 14,500 Men a Day Will
Be Returned From Europe.

County Agent George Kirk has just
received the following official com-
munication from the Federal Depart-
ment of Agriculture:

The War Department, through Gen-
eral March, has announced that, dur-
ing each coming month, there will be
returned to this country and to pri-
vate life 445,000 of the troops still
enrolled. This is an average of about
14,500 per day. Colonel Arthur Woods,
recently appointed Assistant to the
Secretary of War, has been charged
particularly with the duty of looking
after the interests of the returning
soldiers; and all officers and em-
ployees of the Department should co-
operate with him in this undertaking
to the fullest possible extent. The task
is one of far-reaching importance dur-
ing the period of transition from a
war to a peace basis and should com-
mand the active interest and support
of all thoroughgoing Americans who
naturally wish to see that those who
served the Nation in the war for
American rights and civilization are
given every assistance in securing
useful employment.

The members of the field force of
the Department, especially, can in
many instances, without undue inter-
ference with the performance of their
official duties, render helpful service
by locating positions in their com-
munities which returned soldiers are
qualified to fill and by putting soldiers
in touch with such returned soldiers
are qualified to fill and by putting sol-
diers in touch with such positions. A
great deal already has been done in
this direction, but much more remains
to be done. Additional efforts will
have to be put forth if complete suc-
cess is to be secured in reintroducing
the soldier and sailor into peaceful in-
dustry. Find out how many men may
be required in your community; as-
certain specifically what qualifications
are necessary; inquire as to the rates
of pay, and then transmit this infor-
mation, preferably in writing, to the
local bureau for returning soldiers
and sailors, to the nearest United
States Employment Agency, or to the
State farm-help specialist. In order
that the matter may be properly fol-
lowed up, a carbon copy of the letter
giving this information should be or-
dered direct to Colonel Arthur
Woods, Assistant to the Secretary of
War, War Department, Washington, D.
C.

I am sure that all the members of
the Department of Agriculture will do
everything in their power to aid in
this nation-wide movement.

D. P. HORTON, Secretary.

Why Central Can Not Answer Questions

The duty of the switchboard op-
erator is to answer your number calls
and get connections for you.
If she stopped to answer questions,
the number of calls would pile up and
the service would be delayed; this
would be an injustice to the other sub-
scribers.

When in response to a question, the
operator says: "I will give you Chief
Operator", she is obeying her instruc-
tion.

If you cannot find what you want in
the telephone directory, ask the op-
erator for "Chief Operator" and she will
connect you with the "Chief Operator"
where your questions will be promptly
answered.

BUSINESS MEN CALLING ON FARMERS TODAY

Last Committee in the Interest of Chamber of Commerce Rural Membership Campaign, Spending Today in Country.

Quite a number of the progressive business men of Maysville are today calling on the farmers of Mason county and giving them an opportunity to align themselves with the Chamber of Commerce as Rural members. This is the last effort for this year to obtain Rural Members to the organization and it is expected that during the day quite a number of new members will be added to the list.

The arguments which are being put up to the farmers by the business men are good ones and there is little use for argument with the more progressive farmers who realize the great help the Chamber of Commerce is proving to the county as a whole. This organization is bigger than a city affair, it is behind every progressive movement in the entire county.

When the report is made this evening there is every reason to believe that the membership list will be increased materially because of this campaign.

TRUCK WENT OVER THE DAM

Sunday last as Cullen Fischer was driving a Ford truck across the dam at Park Lake he lost control of it by some means and it went over the dam, fortunately on the dry side, and rolled to the bottom, a distance of over 30 feet, turning completely over twice and landing bottom upward on its third revolution. Fortunately Cullen was alone at the time and escaped with slight bruises. The upper works of the truck were badly smashed up, but after turning it over right-side up, Will Nelson Faint ran it up the incline at the southeast end of the dam and across the dam, where it was left for repairs. The public should understand that the dam is dangerous to drive across, and when a man goes over it he does so at his own risk.—Fleming Times-Democrat.

Miss Ruth Thomas, Society Editor of the Lexington Herald, is spending a few days with her mother, Mrs. Mary Thomas, of Bridge street.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, or by mail, 10c per bottle. Hall's Family Pills for constipation.

STATE SCHOOL BOOK COMMISSION MEETS AT FRANKFORT TODAY

Governor Will Give His Views Before Meeting—Louisville Says Resignations May Be Asked.

Frankfort, Ky., June 19.—Governor Black continues to keep his own counsel in regard to the course he will pursue when the State Textbook Commission convenes in his office today.

This much is certain: the Governor will state his views to the commissioners before any action is taken in the matter of calling for bids for furnishing textbooks for the common schools, and he may offer an opportunity for any who do not agree with his policies to resign; but it is not believed he will ask for their resignations.

It has been intimated that the Governor is acting on the theory that he is bound to call the commission together, because the order of the court setting aside the recent adoption and requiring the work done over, recites their names and says the commission shall reconvene.

The Governor himself, however, does not believe that all these members should retire and another commission be appointed. It could not proceed in compliance with the order.

That State Fire Marshal T. B. Pannell, who was one of Gov. Stanley's closest advisers and is a frequent caller at the executive offices, has advised the Governor to retain the present commissioners, is denied by Mr. Pannell.

It has been asserted repeatedly that Mr. Pannell was consulted in the selection of the commissioners, and has interested himself in keeping them on. "No, I am not the Governor's adviser in the text-book matter," said Mr. Pannell. "I am for him, because I think he is the strongest man; but I do not know what the Governor is going to do."

Louisville, Ky., June 19.—That Governor Black today would ask for the resignation of members of the State Book Commission was the unqualified statement made by supporters of Black here last night.

"It will be the first step toward the promised house cleaning by the present State administration," was the statement made at Governor Black's Louisville headquarters.

HAS FOUND IN GEORGETOWN, OHIO

The Georgetown, (O.) News Democrat says: After reaching a depth of 112 feet, when the drilling outfit operated under difficulty, work was abandoned on the well sunk at the residence of L. O. Liming, in the west part of town, in which natural gas was found. There is no water, yet the flow of gas increases. When this condition developed, Mr. Liming immediately purchased gas burners for the cooking range in his home and the gas is being used for that purpose. The pressure continues steady, and if this continues there will be sufficient to not only supply the range but heaters and light. The flow is the strongest found in this section, and while the belief still prevails that if the drilling had been continued increased supply would have been found, Mr. Liming feels that he has been amply repaid for having sunk the well as deep as it has gone.

WANTED—Good reliable man for Tea business in and around Maysville. Must be able to furnish bond, and own equipment. Salary and commission paid. Inquire at New Central Hotel this evening or Friday morning. Ask for E. C. Deffenbaugh. Great A. & P. Tea Co. 19-21p

CHURCH EXPOSITION OPENS AT COLUMBUS ON FRIDAY MORNING

Methodists to Celebrate Centenary of Missions in That Church With Big Exposition at Columbus.

Columbus, Ohio, June 19.—The Centenary Celebration, which opens in Columbus tomorrow, is the one hundredth anniversary of the founding of the Missionary Society of the Methodist Episcopal Church, organized April 5, 1819.

The missionary work had its origin on Ohio soil. The birthplace of Methodist missionary efforts was at Upper Sandusky, where the work of a negro, John Stewart, among the Wyandot Indians, commenced in 1816, inspired the organization of the mission boards of the church.

Visitors from all over the United States are planning to make a pilgrimage to the original shrine of missionary work during the celebration and pay tribute to the memory of its founder.

Months have been devoted to arranging displays at the state fair grounds in Columbus, where natives of many lands have been gathered. Ancient villages have been reproduced, where the natives will be seen in their original environments.

Some estimate that a half million persons will view the scenes before the exposition closes, July 13.

Here are special days during June at the celebration:

June 20—Columbus Day.

June 21—Ohio Day, Kentucky Day, Southern Asia Day.

June 22—Stewardship Day, Sabbath Observance Day, Kansas Day.

June 23—Cincinnati Day, City Problems Day, Philadelphia Day, Cleveland Day, Pittsburgh Day, Africa Day.

June 24—Women's Day, Women's Foreign Missionary Society Day, Women's Club Day, W. C. T. U. Day, Suffrage Day.

June 25—Southern Day, Army Day.

June 26—Movie Day, Conservation Day, Bishops, District Superintendents, Presiding Elders and Pastors Day, Pennsylvania Day, Unit Workers' Day.

June 27—Sunday School Day, Children's Day, Pacific Coast and Rocky Mountain States Day, Frontier Day.

June 28—Labor Day, Gulf States Day.

June 29—Bible Day.

June 30—Epworth League Day, Christian Endeavor Day, Students Day.

UNITED STATES TOBACCO ASSOCIATION WILL MEET

Great Interest Being Shown in Annual Meeting of the Tobacco Association of the United States Next Week.

Unusual interest is being manifested on the part of tobacco men in all sections of the United States in the annual meeting of the Tobacco Association of the United States, which will be held at the famous Chamberlain Hotel, Old Point Comfort, Va., June 26, 27, 28. Mr. T. M. Carrington, President of the Association, and G. E. Webb, Secretary and Treasurer, both say the 1919 meeting will be in all respects the most interesting and by all odds the most valuable meeting ever held by the Association. An attendance of at least 200 members is expected. The officers of the organization are anxious for a large attendance. The program will be interesting from start to finish.

There is great work for the Association to do; work that affects the entire industry. Every tobacco man is, or should be, interested. Mr. Adams, Proprietor of the famous Chamberlain Hotel, writes the secretary that he is going to do all he can to make the occasion pleasant and profitable.

The program follows:

June 26, P. M.
Conference by Committee from the Tobacco Association with representatives of the transportation companies regarding standardizing of hogheads.

June 27, A. M.
Report of the Officers of the Association and Committees.

Address by Mr. P. H. W. Ross, of New York. Subject—"Merchant Marine Situation."

Address and Discussion on the Situation of Foreign Exchange.

Afternoon
Excursion to Points of Interest.

Evening
Annual Dinner—Addresses.

June 28, A. M.
Reports of Committees on the Election of Officers for Ensuing Term.

HARRY CAREY AT THE PASTIME TODAY

"The Unpardonable Sin" will not be shown at the Pastime today, owing to some misunderstanding. Instead, Harry Carey will be seen in a big western picture entitled "Roped". A thrilling western picture. 100 cowboys and girls.

BIRTHDAY OF BELOVED S.S. SUPERINTENDENT HONORED

Sunday School of Third Street M. E. Church to Honor Birthday of the Late Colonel I. M. Lane Next Sunday.

The Sunday School of the Third Street M. E. Church will observe the birthday anniversary of its former beloved superintendent I. M. Lane next Sunday. For many years before his death Superintendent Lane always treated the Sunday School to lemonade on his birthday. It was always a glad happy day for both superintendent and school. There will be lemonade as usual for the school next Sunday.

In addition to this Miss Hurd, Superintendent of the Children's department has arranged for some special "sunshine" songs such as were favorites of Mr. Lane. Another favorite song will be sung by Mr. Carl Dodds.

It is suggested as Mr. Lane was such a lover of flowers that all who can bring flowers for this service to do so. Every member of the school and church besides his numerous friends outside the church will welcome this opportunity to pay honor and respect to one who gave over forty years devoted service as superintendent of this Sunday School.

SCHOOL TEACHERS TAKE EXAMINATIONS THIS WEEK

The annual examinations for County School teachers will be held Friday and Saturday of this week at the Court House according to announcement made by Superintendent Turnipseed. As there will be several new school teachers in Mason county this year, it is expected that there will be quite a number take these examinations this week.

Col. Robert L. Tudor of Buffalo, N. Y., was here today to visit relatives. He was en route home from a visit to his daughter at Pittsburgh.

DAYLIGHT SAVING LAW DEFEATED BY BOTH HOUSES

Clocks Will Be Turned Back On the Last Sunday in October According To Bills Adopted Yesterday.

Repeal of the daylight saving law, effective with the turning back of the clocks on the last Sunday in October was regarded as certain today as the result of action yesterday by the Senate and House. The former adopted a repeal measure as a rider to the agricultural appropriation bill, while the House passed a straight repeal law and sent it to the Senate. The Senate bill now goes to conference, but it is expected the Senate will adopt the House measure, making it unnecessary for the conferees to consider the agricultural bill rider. Only six negative votes were cast in the Senate.

There is much complaint about the dofeating of the daylight saving plan especially in cities where working men have been given more daylight at their homes after work hours and in some cities it is more than likely that the time now in vogue will be continued under special city laws which may soon be adopted.
